Equality and Diversity Impact Assessment

Corporate Plan

Background

What is this tool for?

This tool will help you to assess the impact of existing or new strategies, policies, projects, contracts or decisions on residents & staff. It will help you to deliver excellent services, by making sure that they reflect the needs of all members of the community & workforce.

How do I use the tool?

This tool is easy to use & you do not need expert knowledge to complete it. It asks you to make judgements based on evidence. The tool uses a system of red flags to give you an indication of whether or not your responses are identifying potential issues. Getting a red flag does not necessarily indicate a problem, but it does mean that your assessment is highlighting issues or gaps in data that may require further investigation or action.

What should be equality impact assessed?

You only need to equality impact assess strategies, policies, projects, contracts or decisions that are **relevant** to equality. If you are not sure whether your activity is relevant to equality, take the 'relevance test'.

The relevance test

Use the quick guide below to decide whether or not your strategy, policy, project, contract or decision related to equality:

Relevant

- The strategy, policy, project contract or decision will impact on 'people' (residents, staff, or people who work in or visit the area)
- It may benefit some people or communities & not others (community cohesion)

Not Sure

- The service is a support function or administrative
- There is no obvious impact on 'people' but the strategy, policy, project contract or decision is of major scale &/or significance to the Council's activities
- Insufficient evidence

Not relevant

- No discernable impact on people.
- The service is a support function or administrative

If you are not sure whether your strategy, project or decision is relevant to equality, ask your Equality Service Champion in the first instance, or Amanda Cobb, the [Community Operations Manager](#) for advice, Tel: 01255 686360.

SECTION 1 – FAST TRACK EQUALITY IMPACT ASSESSMENT

This section is used to undertake a fast track Equality Impact Assessment which is designed to identify whether there are any potential equality issues which would require any further investigation or actions to be taken.

FUTURE IMPACT – The future impact of the strategy, policy, project, contract or decision needs to consider whether it excludes or disadvantages any diverse groups.

1.10 Think about what your strategy, policy, project, contract or decision is aiming to achieve over the long term & the ways in which It will seek to do this. In doing so, is it likely to inadvertently exclude or disadvantage any [diverse groups](#)?

This is your opportunity to take a step back & consider the practical implementation of your strategy, policy, project, contract or decision in the future. As well as checking that people from diverse groups will not be inadvertently excluded from or disadvantaged by any proposed activities, it is also an opportunity to think about how you can maximise your impact, reach as many people as possible & really make a difference to the lives of everyone in Tendring regardless of their background or circumstances.

(e) Identify how the continuing implementation & impact of the strategy, policy, project, contract or decision on diverse groups in Tendring will be monitored.

(f) Following completion of the above, please complete the questions 2.1 - 2.6:
