## Equality and Diversity Impact Assessment

# Background

## What is this tool for?

This tool will help you to assess the impact of existing or new strategies, policies, projects, contracts or decisions on residents & staff. It will help you to deliver excellent services, by making sure that they reflect the needs of all members of the community & workforce.

## How do I use the tool?

This tool is easy to use & you do not need expert knowledge to complete it. It asks you to make judgements based on evidence. The tool uses a system of red flags to give you an indication of whether or not your responses are identifying potential issues. Getting a red flag does not necessarily indicate a problem, but it does mean that your assessment is highlighting issues or gaps in data that may require further investigation or action.

## What should be equality impact assessed?

You only need to equality impact assess strategies, policies, projects, contracts or decisions that are **relevant** to equality. If you are not sure whether your activity is relevant to equality, take the 'relevance test'.

### The relevance test

Use the quick guide opposite to decide whether or not your strategy, policy, project, contract or decision related to equality:

### **Relevant**

- The strategy, policy, project contract or decision will impact on 'people' (residents, staff, or people who work in or visit the area)
- It may benefit some people or communities & not others (community cohesion)

### **Not Sure**

- The service is a support function or administrative
- There is no obvious impact on 'people' but the strategy, policy, project contract or decision is of major scale &/or significance to the Council's activities
- Insufficient evidence

### **Not relevant**

- No discernable impact on people.
- The service is a support function or administrative

If you are not sure whether your strategy, project or decision is relevant to equality, ask your Equality Service Champion in the first instance, or Amanda Cobb, the [Community Operations Manager](#) for advice, Tel: 01255 686360.

BACKGROUND INFORMATION		
1.1	Are other services or partners involved in the delivery of the strategy, policy, project, contract or decision?	<input checked="" type="checkbox"/> <input type="checkbox"/> No <input type="checkbox"/> Yes (Please state)  All Council services
1.3	Who is intended to be affected by the strategy, policy, project, contract or decision? <i>(Please tick all that apply)</i>	<input type="checkbox"/> Officers / Members <input checked="" type="checkbox"/> <input type="checkbox"/> Residents <input type="checkbox"/> A specific diverse group see appendix 1 <i>(Please state)</i>
<b>MEASURING OUTCOMES</b> – The Council is working to achieve outcomes which provide services which do not inadvertently exclude or disadvantage any diverse groups. To ensure that this objective is achieved we need to consider the information that we are going to use to measure the outcomes and ensure that we are collecting appropriate information to enable a judgement to be made.		
1.4	How do you (or how do you intend to) monitor the impact of the strategy, policy, project, contract or decision? <i>(Please tick all that apply)</i>	<input checked="" type="checkbox"/> <input type="checkbox"/> Performance indicators or targets <input checked="" type="checkbox"/> <input type="checkbox"/> User satisfaction <input type="checkbox"/> Uptake <input type="checkbox"/> Consultation/Surveys or involvement <input checked="" type="checkbox"/> <input type="checkbox"/> Complaints <input type="checkbox"/> Workforce monitoring data <input checked="" type="checkbox"/> <input type="checkbox"/> External verification <input type="checkbox"/> Other <i>(Please state)</i>  <input type="checkbox"/> None

1.5	<p>Do you (or do you intend to) collect this data (1.4) specifically in relation to any of the following diverse groups?</p> <p>If <b>Yes</b> – tick the boxes of the relevant diverse group</p> <p>If <b>No</b> – continue to 1.6</p>	<p><input type="checkbox"/> Age</p> <p><input type="checkbox"/> Gender/Transgender</p> <p><input type="checkbox"/> Religion &amp; belief</p> <p><input type="checkbox"/> Disability</p> <p><input type="checkbox"/> Race</p> <p><input type="checkbox"/> Sexual orientation</p> <p><input type="checkbox"/> Other (<i>Please state</i>)</p>
-----	--	---

**ANALYSING PERFORMANCE DATA** – Once the data that is to be used to measure the outcome has been defined, the information that it provides needs to be assessed to identify whether it excludes or disadvantages any diverse groups

1.6	<p>Consider the impact of the strategy, policy, project, contract or decision has already achieved, measured by the monitoring data you collect.</p> <p>Is the same impact being achieved for diverse groups as is being achieved across the whole population or workforce?</p>	<p><input checked="" type="checkbox"/> <input type="checkbox"/> Yes</p> <p><input type="checkbox"/> No </p> <p><input type="checkbox"/> Not applicable</p> <p><input type="checkbox"/> Insufficient evidence to enable a judgement to be made </p> <p><i>Please state your evidence for this, including full documents titles and dates of publication for audit purposes. Where it has been identified that a different impact has been achieved consider whether this difference is reasonable, or further action is required to address the issue.</i></p> <p>The impact of the policy is to ensure compliance with legislation is undertaken following a risk based approach and in compliance with Food Standards Agency guidance. Since this involves following the guidance of a national body and because legislation has already been reviewed for equality and diversity implications, all groups will be treated appropriately.</p>
-----	---	--

1.7	Is the uptake of any services, benefits or opportunities associated with the strategy, policy, project, contract or decision generally representative of diverse groups?	<input checked="" type="checkbox"/> <input type="checkbox"/> Yes <input type="checkbox"/> <input type="checkbox"/> No  <input type="checkbox"/> <input type="checkbox"/> Insufficient evidence to enable a judgement to be made  <p><i>Please state you evidence for this, including full documents titles and dates of publication for audit purposes. Where it has been identified that the uptake is not representative of the diverse group consider whether this difference is reasonable, or further action is required to address the issue.</i></p> <p>The policy ensures the provisions of food law are being achieved following national guidance which focuses on risk based approaches and is accordance with legislation which will therefore provide equality for diverse groups.</p>

## MAKING A JUDGEMENT – CONCLUSIONS AND NEXT STEPS

1.13	<p><input checked="" type="checkbox"/> <input type="checkbox"/> There are no inequalities identified or none that cannot be easily addressed or legally justified</p> <p><input type="checkbox"/> There is insufficient evidence to make a robust judgement</p> <p><input type="checkbox"/> Inequalities have been identified which cannot be easily addressed</p>	  	<p>No further action required - implement any actions identified.</p> <p>Additional evidence gathering required. Complete Section 2 – Additional Evidence Gathering</p> <p>Action planning required – complete Section 3 and implement any actions identified.</p>

## SECTION 2 – ADDITIONAL EVIDENCE GATHERING

Where the Fast Track Equality Assessment indicated that **complex issues** or **inequalities** were identified which could not be easily addressed, or you had **insufficient evidence** to make a judgement, you need to undertake additional evidence gathering & action planning process. This is described below:

(a) Gather & analyse relevant additional evidence (which may include engagement with diverse groups), to address gaps in your knowledge, enhance understanding of the issues & inform options for addressing these. Additional evidence is likely to include any or all of the following:

### Data gathering

- Demographic profiles of Tendring
- Data about the physical environment, e.g. housing market, workforce, employment, education & learning provision, transport, spatial planning & public spaces
- Results of local needs analysis
- Results of staff surveys
- Research reports on the needs/experiences of diverse groups
- National best practice/guidance
- Benchmarking with other organisations

### Consultation & involvement

- Existing consultation findings that may provide insight into the issues
- New, specially commissioned engagement with diverse groups
- Expert views of stakeholders/employers organisations representing diverse groups
- Advice from experts or national organisations
- Specialist staff/in-house expertise.

(b) For advice on evidence gathering or engagement with diverse groups please contact your Service Equality Champion. Discuss any proposed consultation with your service champion to ensure it is coordinated with related exercises across the Council as a whole.

(c) Use your evidence gathering, analysis & engagement with diverse groups to develop options for addressing inequalities or unmet need, consulting with relevant management teams/Members/strategic groups/partners where necessary to confirm proposed actions & resource issues.

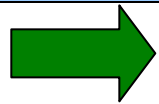

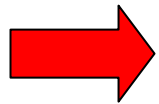

(d) When options for addressing any issues are agreed, if these cannot be implemented immediately integrate them into the appropriate service plan/strategic plan/multi-agency strategy, so that it is clear how they will be delivered, when they will be delivered, by whom, & how this will be monitored.

(e) Identify how the continuing implementation & impact of the strategy, policy, project, contract or decision on diverse groups in Tendring will be monitored.

(f) Following completion of the above, please complete the questions 2.1 - 2.6:
