REQUEST

Re: List of commercial properties not receiving Small Business and Rural Rate Relief.

Please can you provide me with the following information under the Freedom of Information Act 2000:-

(a) Addresses and rateable values of commercial properties that are within your district council up to a rateable value of £12,000 who are not currently receiving Small Business or Rural Rate Relief in the form of a spreadsheet. It would be helpful if you could include business classification and account numbers.

(b) The names of the owners of those properties referred to in (a) where the business is a limited company.
