

The Tendring  
Community Safety  
Partnership

## **2019/2020 Strategic Priorities**

### **Delivery Plan**

**The CSP aims to reduce crime and disorder, Anti-Social Behaviour affecting the local environment, including the misuse of drugs and alcohol.**

An analysis review of overall recorded crime together with an evaluation of responses from public engagement identifies the key priorities for the Tendring Community Safety Partnership should be the following:

#### **Tackling Anti-Social Behaviour and Acquisitive Crime:**

Identifying and supporting repeat and vulnerable victims. Identify hotspot locations and / or increases in crime trends. Anti-Social Behaviour affects families and communities and by addressing these activities we can help improve the quality of life in the community. Improve perceptions and facilitate local problem solving to address issues.

#### **To reduce harm to and safeguard vulnerable victims (including Children) from:**

Domestic Abuse, Sexual Offences incl Rape, CSE, Gang related violence, Hate Crime, Cyber bullying / grooming, Serious Organised Crime to include Modern Day Slavery, Human Trafficking and Violent Extremism With a specific emphasis on: Tackling the root causes of Domestic Abuse

#### **Reducing Violence and Knife Crime**

Identifying hotspot locations, and / or increases in crime trends. Work with partner agencies to raise awareness of Knife Crime across the district. The fear of crime, whether real or perceived, can also have a very serious impact upon people and communities. With a specific emphasis on County Lines and Drug / Alcohol related violence.

## **Reduce youth offending and re-offending of adults and young people**

Reduce youth offending and reoffending of adults and young people, thereby reducing instances of residential (dwelling) burglary, most serious violence, personal robbery and drug offences.

Reoffending affects families and communities and by reducing it we can help increase community cohesion and improve their quality of life. The fear of crime, whether real or perceived, can also have a very serious impact upon people and communities. Reducing reoffending can help build safer communities and increase public confidence in the criminal justice system.

Underpinning the above strategic priorities will be effective partnership working, the partnership will also work together to meet emerging local threats and trends. This will be achieved by sharing information and data to identify emerging issues, working together to devise and deliver local solutions and targeting resources accordingly.

This plan shows the priorities for Tending Community Safety Partnership (CSP) for 2019 – 2020.

The priorities have been identified through our Strategic Assessment of crime which involved a detailed analysis of crime, intelligence and public consultation.

The Annual Partnership Plan is supported by funding streams that are collectively pooled together to maximise their impact upon crime reduction.

The detailed Partnership Plan set out below, details actions to achieve targets set for our top priorities. However, these may be subject to change if other more urgent crime reduction priorities are identified and need to be addressed or actioned by the CSP.

## Tackling Anti Social Behaviour and Acquisitive Crime

Identify and support repeat and vulnerable victims. Identify hotspot locations and / or spikes in crime trends. Improve perceptions and facilitate local problem solving to address issues.

<p>Out of Court Disposal (OOCd) panel and direct work; Deliver effective prevention support, ensuring that this support is proportionate to enable children and young people avoid being drawn further into anti-social and criminal behaviour.</p>	<p>Clear reasoning for OOCd decision making will be recorded where no action by YOT is pursued, this will provide clear signposting and oversight of other diversionary support routes away from criminal or anti-social behaviour.</p> <p>Quality assessment and intervention plans to be completed for all young people being diverted from the courts by way of CR+ (Community Resolution Plus) &amp; YCC (Youth Conditional Cautions) and in some but not all YC's (Youth Cautions).</p>	<p>Collaborative multi-agency panel to lead on county wide decision making re outcomes.</p> <p>YOS to be responsible for assessment and intervention plans following referral from panel</p>
<p>Continue to have the confidence of the Courts and our communities in our ability to support more young people in the community through</p>	<p>To ensure YOS proposed outcomes in court are secured through robust reports and plans..</p>	YOS

effective use of court orders and bail support.		
Work closely with young people and their families to find out what help they need to make changes and to enable them to tackle these changes and to facilitate sustained change.	Participation /buy in from young people and their families into our Case Planning and Review Process (Planning and Risk meetings) and improved engagement / positive outcomes for young people on Court orders	YOS
Full Circle OCAN Offenders with Additional and Complex Needs. Phoenix Futures	Working with local police and Health and Justice Team based in Police Custody and Court to identify persons who need support and help due to offending behaviour linked to mental health.	Full Circle Phoenix Futures.
Lads Need Dads  'Engage Programme' – a six-month practical life-skill and community volunteering programme for boys age 11-15 with absent fathers or limited access to a male role model.	The Lads Need Dads Programme has proven to reduce and prevent anti-social behaviour as our results from all our programme evidence. To do this you need to increase self-esteem, confidence, management of emotions, motivation which in turn improves behaviour and attitude towards school, two areas which, if not addressed can lead to exclusion and offending and anti-social behaviour. Engage helps improve public perceptions of young people and allows young people to take responsibility for their community and contribute positively to it. This a rare for any young person who is 'outside' of the Criminal Justice System as often Youth Offending Teams may	Lads Need Dad'

<p>get involved in community volunteering of this type, but not projects like Lads Need Dads, 'outside' of the system. We strongly believe that the long-term input we invest into the boys on the programmes prevents anti-social behaviour which in turn would affect families and communities. Our work directly contributes towards helping improve the quality of life in the community and improve perceptions of young people, especially young teenage males, who more often than not, get short shrift and judged more harshly by society than girls.</p>

<p>On the Ropes'-Straight Talking course</p> <p><b>Aims:</b> To provide an intervention and prevention programme that looks to address social and personal factors and the roots causes to young people getting involved in anti-social and criminal activities. To educate and inform young people on the hidden harms in their community and increase their understanding of</p>	<p>Reduce the risk of young people becoming young offenders and part of the offending cycle which can lead onto potential community or custodial sentences. Increase young people's personal resilience by raising their confidence and self-esteem to enable them to make better choices when faced with potential 'risky' behaviours. Empower young people's ability to say 'no' and reflect on the consequences of their actions even if they are already on the offending pathway. Address issues young</p>	<p>Barnardos (CAPI) Team</p>
--	---	------------------------------

<p>consequences to actions when faced with difficult choices.          To provide physical activities to promote good mental health and well-being and education on the benefits of healthy lifestyles to help deter young people from turning to other negative activities.          To raise young people's confidence and self-esteem to make better choices and increase positive mental health</p> <p><b>Funded by the CSP</b></p>	<p>people's face around drugs, alcohol, gang culture, anti-social behaviour and their social IT/carbon footprints. All of which can lead to criminal offending activities.          Equip young people with the necessary tools to make more positive choices and raise their aspirations to enable them to have the strength to be autonomous and value themselves as a member of their community.          To provide opportunity to participate in sports based activities that will promote positive mental and physical health. All of which will help to build young people's confidence and self-esteem.          To increase the capacity to deliver a wider programme by recruiting and training volunteers to co-deliver sessions within each school. This will enable the project to reach more participants and provide an opportunity for up skilling members of the local community.</p>	
<p>Encourage all partners to promote the Tendring Independent Advisory Group (IAG).</p> <p>The IAG is a strategic partnership group that seeks to enable and improve cohesive two-way communications between Tendring Police and the diverse communities within the</p>	<p>Better attendance at Tendring IAG's</p> <p>The commitment to the IAG is as follows:</p> <ul style="list-style-type: none"> <li>➤ Attend regular IAG meetings – 4 per year.</li> <li>➤ Provide constructive feedback to the Police about a</li> </ul>	<p>IAG Chair</p>

<p>District, with the aim of driving service improvement and building positive relationships. It does this by:</p> <ul style="list-style-type: none"> <li>➤ Providing a forum for on-going, open dialogue with people who are independent of the police and may not otherwise have opportunities to express their opinions on local policing and related issues.</li> <li>➤ Facilitating and encouraging the expression of a range of potentially diverse views, reflecting individual perspectives on the issues affecting specific groups and communities.</li> <li>➤ Enabling the police to receive guidance and constructive challenge on policy, procedures and practices, in particular, the impact of policing on different communities.</li> <li>➤ Informing the development of police policies and practices so</li> </ul>	<p>given topic.</p> <ul style="list-style-type: none"> <li>➤ Assistance with local information being disseminated to and gathered from local communities.</li> <li>➤ Be motivated, enthusiastic and able to communicate in a calm, constructive manner.</li> </ul> <p>It is essential that all members are either from or represent a community within Tendring</p>	
---	---	--

<p>that they do not disadvantage any section of the community through lack of understanding or mistaken beliefs.</p> <ul style="list-style-type: none"> <li>➤ Identifying trends, concerns and sharing best practice.</li> <li>➤ Enabling the police to communicate quickly and effectively with community groups during and following emergency incidents such as terrorist attacks.</li> </ul>		
<p>Delivery of the Women’s specific Support Programme delivered by our contracted partners Open Road -</p>	<p>This programme is available for all women and delivered in a group setting and aimed at addressing areas of need relating to the key pathways. The programme collaboratively works with the women to identify and learn to manage protective and risky relationships, enables women to develop, grow and increase health and wellbeing, as well as teaching coping strategies and recovery tools- this will be delivered locally in Tendring in order to facilitate compliance and engagement</p>	<p>Essex CRC</p>
<p>Women’s Support and Mentoring Service- specialises on providing mentoring for women, providing a wraparound layer of additional support which is</p>	<p>The Mentor can offer practical advice and guidance on the day to day issues which may have prevented them from moving forward with their lives in a positive way. The Women’s Support is offered</p>	<p>Essex CRC</p>

<p>specific to the needs of this cohort.</p>	<p>via regular “Womens’ Only Workshops” where a variety of support and services can be accessed and signposted. This will also be delivered locally in Tendring in order to facilitate compliance and engagement</p>	
<p>Young Persons Rehabilitation Activity Requirement- Fearless Futures Programme- this programme aims to motivate young service users (aged 18-25 years) to consider their identity, social circle and the way they handle situations</p>	<p>. It enables young adults to step into their future with self-confidence. It has a strength-based and trauma-informed approach and aims to encourage service users to look at what they have done well so far and the positive influences that can help them succeed in life. The final group sessions will provide service users with a tool kit so they can leave with some techniques to start implementing changes, if they are ready</p>	<p>Essex CRC</p>
<p>Move into Community Hubs, Tendring- to support those hard to reach cohort of service users and aid engagement and compliance by CRC staff joining the hubs to enable local reporting and management of service users</p>		<p>Essex CRC</p>
<p>Colchester United Football in the Community – Unite Our Communities Programme</p> <p>A schools based interactive workshop which raises awareness over Extremism, Radicalisation &amp; Hate</p>	<p>These sessions are delivered in schools throughout North Essex &amp; Tendring. ## **Reduce youth offending and re-offending of adults and young people**

Reduce youth offending and reoffending of adults and young people, thereby reducing instances of residential (dwelling) burglary, most serious violence, personal robbery and drug offences.

Reoffending affects families and communities and by reducing it we can help increase community cohesion and improve their quality of life. The fear of crime, whether real or perceived, can also have a very serious impact upon people and communities. Reducing reoffending can help build safer communities and increase public confidence in the criminal justice system.

Underpinning the above strategic priorities will be effective partnership working, the partnership will also work together to meet emerging local threats and trends. This will be achieved by sharing information and data to identify emerging issues, working together to devise and deliver local solutions and targeting resources accordingly.
