**REQUEST**

I am looking for information relating to the financial relationship between Tendring Council and the Century Cinema in Clacton on Sea and/or its parent company the Picturedrome Electric Theatre Company Ltd., and/or its owner Adam Cunard - hereafter referred to as PET.

Are there, or have there ever been, any financial arrangements between Tendring Council and PET? This may include government business grants, subsidies of any kind, financial arrangements relating to rates, government loans, or any ongoing or historical financial arrangements which may not come under the specific categories listed above, but may be included in the essence of the information I am seeking.
