

**FOI 63/2016**

**REQUEST**

We are in the process of building a searchable directory of all local authority licensed and exempted campsites in the UK. We have submitted a data request to Data.gov.uk but after some discussion with them, we have been advised to approach each local authority and Natural England individually.

We are making a request under the freedom of information act 2000 for the details of Local authority licensed campsites in your area.

**RESPONSE**

Please see attachment.
