

FOI 33/2018

REQUEST

I am writing on behalf of Groundsure Environmental Consultancy to request details of LA-PPC and LA-IPPC processes (air pollution permits) regulated by Tendring District Council under the Environmental Permitting (England and Wales) (Amendment) Regulations 2010.

To ensure our records are as up to date as possible we would like to request the following information:

- Details of all current and past Part A2 and Part B installations in your remit, including the following information if available: your reference for the permit, the name and address of the permit holder, the address for which the permit is granted, the grid reference, the date of issue, the process undertaken, and the current status of the permit.
- In addition, details of any enforcement notices issued relating to breaches of the terms of the above permits since our last recorded update on 30/03/2016. Where none have been issued we would be grateful if you could confirm as such.

If possible GIS data (shapefile or tab) would be preferable, or an Excel or .csv file but we would be grateful for this information in whichever format is easiest for you to provide.

RESPONSE

The information you require can be found on our website using the following link below:
