

No. 100

REQUEST

Further to my telephone conversation with the Council's Trading Standards Advice Department earlier, I write to advise that Gary Paul Shankland and Kirstie Jane Provan have been appointed Joint Administrators of Primero Management Limited, which owns the Comfort Inn Hotel, Clacton-on-Sea. Formal notice is attached to this email.

The administrators do not consider that they are able to trade the hotel and are winding down operations in an orderly manner. Existing customers are being helped to find alternative accommodation by our agents on site.

Some of the hotel's customers are asking us if the hotel has been subject to any enforcement notices prior to our appointment, as the condition of the hotel is a major factor in the Joint Administrator's decision to close down in the short term.

Please treat this email as an **urgent FOI request** for any relevant correspondence / enforcement notices relating to the trade at the hotel, in any company name, in the last three years to date, in order that we can carry out our duties as Court Appointed Officers.

If you require any further information please contact me on the number below.

RESPONSE

I can inform you that there are no outstanding notices in regard to the Comfort Inn, 6-8 Marine Parade West, Clacton.
