

PARKING PERMIT FOR TENDRING DISTRICT COUNCIL CAR PARKS

Parking permits are now virtual. You do not need to display anything in your vehicle. The enforcement officers who patrol our car parks do so using hand held computer terminals (HHCT). As your registration number is entered into the HHCT a message is displayed advising the officer of the amount of valid parking time on your account (i.e 365 days). For this reason you **must** ensure that the registration number listed on your account is correct for the vehicle you are using.

You can change your vehicle registration as often as necessary but you may only have **one** registration attached to your account.

You will receive an email explaining that you have now been set up with a MiPermit account. You will also be given a PIN number which you will need when logging into your MiPermit account. In this email there will be a link to <https://secure.mipermit.com/tendring> which will allow you to alter your permit as and when you need to.

Once you have clicked on the above link, you will be directed to the following page, where you will need to enter your council email address and PIN number.
