Braintree & Tendring: Return by 5pm 28th July 2017

(responses to section 2 Braintree and Tendring will not be accepted after this date. After this date responses to Section 1 should be sent to Colchester Borough Council)

Colchester: Return by 5pm 11th August 2017

The Council has failed to recognise that Aingers Green is a settlement in its own right, with a public house, shop and bus services connecting the settlement to Clacton and Colchester. The area is also within a short walking distance to Great Bentley railway station with direct access to London Liverpool Street. The site shown on the attached plan to extend the settlement would meet the three tests of sustainability as set out in the NPPF. This land is directly adjacent to the village settlement boundary as shown in earlier versions of the draft plan. By allowing development, an appropriate and reasonable level of development could be provided to help sustain and improve local services without affecting the rural character of the area. Vehicular access to the site would meet the County Council visibility splays while the development would not necessitate the removal of any trees or hedgerow.

At the heart of The National Planning Policy Framework is the presumption in favour of sustainable development and advises local planning authorities should follow this approach and encourage the effective use of land, providing that it is not of high environmental value. The proposal would contribute economically to the area by supporting existing construction jobs and also increasing the population within the village to help sustain local services and amenities.

As a result the scheme would meet the comments set out within paragraph 14 of the NPPF in respect of a positive opportunity to meet the development needs of the area. Moreover, the allocation of this site would accord with the core planning principles as set out within paragraph 17 by ensuring the scheme enhances and improves the place in which people live their lives. The proposal is not only sustainable, it is deliverable as required by paragraphs 47 & 49 of the NPPF.
