

**Technical Note**

Flood Alerts are used to warn people of the possibility of flooding and encourage them to be alert, stay vigilant and make early preparations. It is issued earlier than a flood warning, to give customers advice notice of the possibility of flooding, but before we are fully confident that flooding in Flood Warning Areas is expected.

Flood Warnings warn people of expected flooding and encourage them to take action to protect themselves and their property.

Some areas may be covered by more than one flood warning area as they may be at risk of flooding from more than one watercourse.

**Legend**

- Flood Warning Area**
-  The coast from Clacton to Lee Wick
- Flood Alert Area**
-  Essex Coast from Clacton to St Peters Flat
